

Western Tooele EA; SR-112 to SR-36

Project Description: Environmental Assessment

The goal of this study is to determine an East/West Corridor through Tooele City (between SR-36 and SR-112) that meets current and future transportation needs. Project study area extends from 2000 North to SR-112 between SR-36 and SR-112. UDOT is working closely with Tooele City on this local government project.

Total Project Budget: \$2 million Commission approved amount (combined amount from two previous projects)

Anticipated Schedule: Submit for advertisement September 2006

NOTE: Schedule information listed above is estimated and could change without notice based on funding, scheduling constraints, stakeholder issues, and other unanticipated project elements.
